# **GENERAL INFORMATION**

## **SCHOOL HOURS/SUPERVISION**

The school day begins at 7:40 a.m. and ends at 3:45 p.m. unless otherwise noted on the school calendar. The first class period begins at 7:45 a.m. School offices are open from 7:30 a.m. until 4:00 p.m.

The school's responsibility for supervising the students starts at 7:30 a.m. Please do not send your child to school prior to this time unless prior arrangements were made with the teacher or administrator. If we are experiencing bad weather, the students are permitted to go into the lunchroom or commons at 7:30 a.m.

After the students arrive at school, we feel responsible for their well-being. Before a student can leave the school grounds during regular school hours, he/she must be signed out by the parent or guardian in the office. If someone other than the parent or guardian is picking up a student, the parent or guardian needs to provide the office with written notification. Likewise, if a parent wishes to have the student released to walk home during the school day, a written note with detailed instructions is required prior to the release of the student.

## **SCHOOL CLOSINGS/DELAYED START**

If it becomes necessary to close school because of bad weather, the superintendent will notify families through a School Messenger phone call. The information will also be posted on the district website and on school district social media. Please listen to the media reports before attempting to contact the school. For closings in the middle of the day, a School Messenger will be sent. For this reason, it is extremely important to keep your phone number updated with the school. The school will hold your child until there is contact made with a parent or guardian.

## **BUILDING ENTRY/PARENT/VISITOR SIGN-IN**

**In order to maintain a safe environment, all parents and visitors entering Yuma Middle School are required to sign in at the school office.** Visitor badges will be made available. Please enter the building through the main entrance; all other doors will remain locked during the school day. The main entrance has a security system in which you must press a button and the secretary will allow you in. Please call ahead if you are requesting to meet with staff. Parents/Patrons will not be permitted into classrooms during instructional time unless arrangements have been made prior to the instructional day with building administration.

Friends or relatives of our students are discouraged from visiting and will not be allowed to enter the classroom or participate in any school activities.

## **BREAKFAST AND LUNCH**

Yuma School District-1 intends to participate in the Free Meals for All Students Program. As information becomes available, it will be posted on the district website. YSD-1 offers a breakfast program daily starting at 7:30 a.m. in the cafeteria. Students may not share lunch numbers. Menus are available on our district website at <http://www.yumaschools.org> We discourage students from calling home during the day for lunches. We work hard to promote healthy eating habits at school with menu items served during breakfast and lunch. We encourage students to participate in the school breakfast and lunch programs. Here are a few guidelines to help you and your student to enjoy their breakfast/lunch at school.

- If eating school lunch the state requires you only take three items from the line. One of the items must be a

fruit or vegetable. (ex. milk, fruit, vegetable, or milk, vegetable, roll, or fruit, main dish, milk)

- Pop and Energy drinks are strongly discouraged.
- Please limit bringing fast food to school only for special occasions.
- If bringing fast food to school, please put it in an unmarked bag
- Please do NOT share food for the safety of our students who have allergies and health issues. If your student is eating school lunch or brought their lunch please do NOT share food with other students.

## **NOTES SENT TO SCHOOL**

In the event your son's or daughter's daily routine changes (i.e. being picked up early, etc.), please make sure this message is delivered to one of the secretaries in the front office. The office will assure that the message is delivered at the end of the day.

\*\*\*Please do not deliver the note directly to the teacher\*\*\*

With a note, we have concrete direction for assisting your student. If neither a note nor a phone call is received, we will direct the student to follow his/her normal routine.

## **PHONE USE**

Students are NOT allowed to use the classroom telephone during class time for personal calls. We have a phone in the front office if your student needs to call. Phones are provided in each classroom for school use only; parents calling the school during class periods will not be allowed to interrupt classes and will be forwarded to the teacher's voice mail. Students will NOT be called out of class to take a phone call.

## **GIFTS SENT TO SCHOOL**

Yuma Middle School understands the excitement of celebrations; however, deliveries cause a significant disruption to the school routine. Deliveries will be held at the office until the end of the day. Yuma Middle School will NOT accept deliveries for students on Valentine's Day.

## **PARTY INVITATIONS**

Party invitations may only be distributed during school if a student's entire class is invited. Please have your student give invitations to the teacher in the morning when they arrive at school. The invitations will be distributed at the end of the day.

## **POSTERS/ANNOUNCEMENTS**

Posters and/or bulletin board announcements to be placed within the school are to be first approved by building administration.

## **ACCIDENTS**

All accidents and injuries must be reported to the main office as soon as they occur so an incident report can be filed.

## **MEDICATION**

The administering of all medicines by school employees to students shall follow school district policy, which requires that a specific written request from the parent/guardian be given to the school, along with written instructions from

the student's physician. Forms are available at the front office. If the student needs to take an occasional over-the-counter pain reliever or other medication, parents/guardians must administer these medications at school (unless there is a prescription and policy form1 on file).

### **IMMUNIZATIONS (C.R.S. 25-4-902)**

All students must provide proof of immunizations to register or continue in school. Students not up to date on immunizations will have 14 days to obtain the required immunizations, submit a statement of exemption, or present a written plan for completion; if not completed, students may face suspension.

### **EMERGENCY DRILLS**

Emergency drills such as fire, tornado, secure, and lock down scenarios will be held occasionally. All students and faculty will be advised on proper procedures.

### **LOST AND FOUND**

Clothing and other lost items that have no identification will be placed in the "lost and found." Please inquire at the office if you are missing an item. Please visit the lost and found located in the Commons by the gym. At the conclusion of each semester, unclaimed items will be donated to the local community organization.

### **TEXTBOOKS**

All basic textbooks are LOANED to students for their use during the year. Books should be kept clean and free of abuse. Fines for excessive abuse or loss will be calculated on the replacement cost of the book. The average replacement cost on a textbook is seventy-five dollars.

### **LIBRARY POLICIES**

- Grades 5-8 will receive a 3-week check out with a \$.10/day fine accruing for each day overdue
- Grades 5-8 may check out 4 books at a time
- Books damaged beyond repair and lost books will be charged the cost of the book to replace them
- Damaged books in need of repair will be charged a 20% damage fee

### **STUDENT PLANNERS**

Student planners are provided to all students. Students are expected to record their assignments every day in their planners. Replacement planners will cost \$3.00.

### **FEES/FINES**

Yuma Middle School requires payment of class fees, organization/club fees, course fees, and athletic fees. Fees and fines are to be paid by the end of the school year. Students with unpaid fees/fines will NOT be allowed to participate in the promotion ceremony. Additionally, elective choices may be limited if fees/fines are left unpaid.

### **LOCKERS**

School lockers are the property of the school district and for use of the student. Lockers may be subject to search by school officials at any time without prior notice and as a due process in search for stolen property, alcohol, tobacco,

drugs, or other materials which are not the rightful possession of students. Lockers are assigned to students at the beginning of the school year. Backpacks, string bags, and purses are **NOT** allowed in the classrooms due to congestion and safety purposes. It is important that students never bring any large amount of money or property of great value to school. Tape and/or stickers are not allowed on the inside or outside of lockers. **Students should keep the combination confidential and locker secure at all times.** Please report any locker that is not functioning properly to the office as soon as possible to ensure your items stay safely secured.

### **FOOD/DRINK**

Students are encouraged to bring a water bottle to school in a closed container; otherwise, food and drinks are not allowed in the classrooms without the permission of faculty. Lockers should not contain food other than a cold lunch bag.

### **STUDENT TRANSPORTATION**

Students are not allowed to ride bicycles on the walkways around the building. Students should park and lock bicycles at the bicycle racks immediately upon arrival at school. They are not to be ridden again until leaving school grounds. All students are to stay away from the bicycle racks during the day. Skateboards, scooters, and roller shoes must be kept out of all hallways. Students will not be allowed to use skateboards or scooters on school grounds.

### **FIELD TRIPS**

Field trips may be planned by a teacher for specific educational goals. Parents/guardians will be informed of planned field trips in advance. If you have questions or concerns regarding the scheduled field trip, please contact your student's teacher. Students who do not go on a scheduled field trip during the school day are expected to be in school.

All students are expected to adhere to school rules and policies while on field trips (e.g. no cell phone usage). Students may face disciplinary actions, to include loss of participation for additional field trips, if rules and policies are not followed.

### **WITHDRAWAL FROM YUMA SCHOOL DISTRICT-1**

- Please inform the school secretary and registrar as soon as possible if you are moving
- Ensure that all the student's school books and school property are returned to school
- Check to see if student owes money for lunches or milk or has any other unpaid school expenses accrued
- If the student has credit for lunches or milk, you are entitled to a refund
- Check the "lost and found" for lost clothing, etc.

### **VIDEO SURVEILLANCE**

YSD-1 uses video surveillance on district grounds to maintain the health, welfare, and safety of students, staff and visitors while on school district property, as well as, the protection of school district property. School buildings and grounds may be equipped with video cameras. Videotapes may be reviewed and monitored by school district personnel on a random basis and/or when problems arise as allowable by board policy.

# **ATTENDANCE INFORMATION**

## **ATTENDANCE (Yuma School District-1 Board Policy JH)**

One criteria of a student's success in school is regular and punctual attendance. Frequent absences may lead to poor academic work, lack of social development and possible academic failure. Regular attendance is of utmost importance for school interest, social adjustment and scholastic achievement. No single factor may interfere with a student's progress more quickly than frequent tardiness or absence.

According to state law, it is the obligation of every parent/guardian to ensure that every child under his/her care and supervision receives adequate education and training and, if of compulsory attendance age, attends school. Continuity in the learning process and social adaptation is seriously disrupted by excessive absences. In most situations, the work missed cannot be made up adequately. Students who have good attendance generally achieve higher grades, enjoy school more and are more employable after leaving school. For at least these reasons, the Board believes that a student must satisfy two basic requirements in order to earn full class credit: (1) satisfy all academic requirements and (2) exhibit good attendance habits as stated in this policy.

Parents are asked to contact the school office if a student is going to be absent. If the parent does not inform the school of the absence, school staff will attempt to contact the parent/guardian to verify the student's safety. If your student is absent and you would like to pick up his/her homework, please notify the school office by 9:00 a.m. Given ample notice, the teachers will provide the necessary work.

Total absences are counted per period and per semester. Parents should call in all absences to the school office at (970) 848-2000 the day of the absence.

Students who are absent due to a school-sponsored activity or prearranged absence must notify their teacher and fill out the planned absence form located in the office prior to leaving. These assignments are due upon return. The teacher may also require students to take a scheduled test or quiz prior to the student's departure on the student's time to include before school, after school or during lunch.

## **EXCUSED ABSENCES**

The following shall be considered excused absences:

1. A student who is temporarily ill or injured or whose absence is approved by the administrator of the school of attendance on a prearranged basis. Prearranged absences shall be approved for appointments or circumstances of a serious nature only which cannot be taken care of outside of school hours.
2. A student who is absent for an extended period due to physical, mental or emotional disability.
3. A student who is pursuing a work-study program under the supervision of the school.
4. A student who is attending any school-sponsored activity or activities of an educational nature with advance approval by the administration.
5. A student who is suspended or expelled.

As applicable, the district may require suitable proof regarding the above exceptions, including written statements from medical sources.

If a student is in out-of-home placement (as that term is defined by C.R.S. [22-32-138](#) (1)(e)), absences due to court appearances and participation in court-ordered activities shall be excused. The student's assigned social worker shall verify the student's absence was for a court appearance or court-ordered activity.

## **UNEXCUSED ABSENCES**

An unexcused absence is defined as an absence that is not covered by one of the foregoing exceptions. Each unexcused absence shall be entered on the student's record. The parents/guardians of the student receiving an unexcused absence shall be notified orally or in writing by the district of the unexcused absence. In accordance with law, the district may impose appropriate penalties that relate directly to classes missed while unexcused. Penalties may include a warning, school detention or in-school suspension. Academic penalties, out-of-school suspensions or expulsion shall not be imposed for any unexcused absence.

The administration shall develop procedures to implement appropriate penalties. The school administration shall consider the correlation between course failure, truancy, and a student dropping out of school in developing these procedures and shall implement research-based strategies to re-engage students with a high number of unexcused absences.

Students and parents/guardians may petition the Board of Education for exceptions to this policy provided that no exception shall be sustained if the student fails to abide by all requirements imposed by the Board as conditions for granting any such exception.

The maximum number of unexcused absences a student may incur before judicial proceedings are initiated to enforce compulsory attendance is four days during any month or 10 days during any calendar year or school year.

## **CHRONIC ABSENTEEISM**

When a student has an excessive number of absences, these absences negatively impact the student's academic success. For this reason, a student who has 16 total absences in a school year (eight per semester), whether the absences are excused or unexcused, may be identified as "chronically absent" by the principal or designee. Absences due to suspension or expulsion shall not be counted in the total number of absences considered for purposes of identifying a student as "chronically absent."

If a student is identified as "chronically absent," the principal or designee shall develop a plan to improve the student's attendance. The plan shall include best practices and research-based strategies to address the reasons for the student's chronic absenteeism. When practicable, the student's parent/guardian shall participate in the development of the plan.

Nothing herein shall require the principal or designee to identify a student as "chronically absent" prior to declaring the student as a "habitual truant" and pursuing court proceedings against the student and his or her parents/guardians to compel the student's attendance in accordance with state law.

### **Yuma Middle School's response to absences:**

#### **Fifth Absence**

Upon receiving the fifth absence, parents will receive formal written notification.

#### **Seventh Absence**

Administration may set up a conference to include parents, students, administrator, and possibly a classroom

teacher. The purpose of the meeting will be to:

- Address concerns/discuss strategies for improving regarding attendance issues
- Review local and state attendance policy (CR-S-22-33-104. Compulsory School Attendance\*)
- Discuss future consequences, which could include recovering lost instructional time.

### **10<sup>th</sup> & Subsequent Absence**

In addition to all the 'Seventh Absence' rules, the school may seek to pursue the matter through legal proceedings.

### **MAKE-UP WORK**

Make-up work shall be provided for any class in which a student has an excused absence unless otherwise determined by the building administrator or unless the absence is due to the student's expulsion from school. It is the responsibility of the student to pick up any make-up assignments permitted on the day returning to school. There shall be one day allowed for make-up work for each day of absence unless otherwise authorized by the classroom teacher in writing in the student's planner.

*EXAMPLE:* Student is absent Tuesday, make-up work would be due Thursday. Make-up work shall be allowed following an unexcused absence or following a student's suspension from school with the goal of providing the student an opportunity to keep up with the class and an incentive to attend school. However, this work may receive only partial credit in accordance with classroom policies and procedures. Work given during an in-school suspension will be due at the end of the school day.

### **TARDIES**

Arriving to class on time is crucial. First and second tardies will result in teacher consequence. Any third tardy in a class will equate to a detention, as well as, any future tardy. The only tardies exempt will be when a doctor's note is provided. After 10 minutes the tardy becomes an unexcused absence. Administration may set up a conference to include parents, students, administrators, and possible a classroom teacher to address concerns and discuss strategies for improving students with tardy issues. Each tardy will count as .5 of a point towards ineligibility.

# **ACADEMIC INFORMATION**

## **CURRICULUM**

Students in grades 5-8 will have English, math, science, and social studies for their core curriculum in accordance with Colorado State Standards. Students will also participate in physical education for a full semester in accordance with district policy.

## **TESTING**

Students will participate in both state and district testing throughout the school year to monitor growth and achievement. District testing consists of NWEA testing in the fall, winter, and spring in the areas of: reading, language usage, science, and math.

## **TEST INFORMATION**

NWEA MAP (Measures of Academic Progress) is an adaptive, nationally normed assessment administered to grades 5-8 and is used for required reporting of student achievement, as well as for district level and building level continuous improvement decision-making. Teachers use this data to plan classroom instruction and to assist students in setting individual learning goals throughout the school year.

State tests CMAS and PARCC (Colorado Measures of Academic Success/Partnership for Assessment of Readiness for College and Careers) are administered in grades 5-8 for English Language Arts and math. Grades 5 and 8 have additional science testing. Social studies testing is not on an annual basis, but is administered depending on the state rotation.

ACCESS/WIDA is the state annual test that measures a student's progress in acquiring academic English for ELL's. This assessment is administered to all students identified as an English Learner (NEP and LEP) in grades K-12.

## **EXEMPTION PROCEDURE AND INFORMATION TO PARENTS/GUARDIANS**

### **Parent/guardian request for exemption**

In accordance with the accompanying policy, the parent/guardian of a student enrolled in the district may request that his or her child be exempt from participating in one or more state assessments.

1. The request for exemption must be submitted in writing to the school principal.
2. The parent/guardian will not be required to state the reason for asking for the exemption.
3. The request for exemption may apply to all or specific state assessments administered to the student during the school year.
4. A request for exemption will be valid for one school year. Requests for exemption from state assessments in subsequent school years require a new written request.
5. Parents/guardians are encouraged to submit their request for exemption at the earliest possible date each school year so that the district may plan accordingly.

## **Information to Parents/Guardians**

Each school year at the earliest possible time, the district shall distribute information to students' parents/guardians regarding the state and district assessments that the district will administer that year. This information shall also be posted on the district's website.

The district shall also distribute a district assessment calendar to students' parents/guardians at the earliest possible time each school year, and shall post the calendar on the district's website.

At a minimum, the district assessment calendar shall include:

- an estimate of the testing hours required on each testing day
- whether the assessment is required by federal and/or state law or was selected by the district

## **GRADING/ASSESSMENT SYSTEMS (Yuma School District-1 Board Policy IKA)**

The Board believes that students will respond more positively to the opportunity for success than to the threat of failure. The district shall seek, therefore, in its instructional program to make achievement both recognizable and possible for students. It shall emphasize achievement in its processes of evaluating student performance.

### **State Assessment System**

State and federal law require district students to take standardized assessments in the instructional areas of English language arts, math and science. State law also requires students to take standardized assessments in the instructional area of social studies. Accordingly, the district shall administer standardized assessments pursuant to these state and federal legal requirements.

State law also requires the district to adopt policies and/or procedures concerning the use of pencil and paper on the computerized portion of state assessments; parent requests to excuse their children from taking state assessments; and the district's assessment calendar. This policy and its accompanying regulation represent the district's processes to address these requirements.

#### **1. Pencil and paper testing option**

The district may determine that a specific classroom or school within the district will use pencil and paper to complete the computerized portions of a state assessment. Factors that will be considered in making this determination include:

- the technological capacity and resources of the particular school/classroom
- students' previous experience with computerized and written assessments
- whether the instructional methodology of the particular school/classroom is consistent with the use of computerized assessments or written assessments; and
- the logistics of administering the state assessment in different formats at a particular school or schools

Prior to making this determination, the superintendent or designee shall consult with the school principal(s) affected by this determination, as well as, parents/guardians of students enrolled in the district.

For students with disabilities, the use of pencil and paper instead of a computer to complete a state assessment shall be determined by the student's Individualized Education Program (IEP) team or Section 504 team, in accordance with applicable law.

## 2. Parent/guardian request for exemption

A parent/guardian who wishes to exempt his or her child from a particular state assessment or assessments shall make this request in accordance with this policy's accompanying regulation.

In accordance with state law, the district shall not impose a negative consequence upon a student whose parent/guardian has requested an exemption from a state assessment or assessments. Students excused by their parents/guardians from participating in stated assessment or assessments shall not be prohibited from participating in an activity or from receiving any other form of reward that the district provides to students for participating in the state assessment.

This policy's exemption process shall apply only to state assessments administered pursuant to C.R.S. 22-7-1006.3 and shall not apply to district or classroom assessments.

## 3. Sharing of student state assessment results with parents/guardians

The Colorado Department of Education is required to provide diagnostic academic growth information for each student enrolled in the district and for each public school in the district based on the state assessment results for the preceding school years. Appropriate school personnel, including those who work directly with the student, shall have access to the student's state assessment results and longitudinal academic growth information and shall share with and explain that information to the student's parent/guardian.

### **District Assessment System**

In addition to the state assessment system, the district has developed a comprehensive assessment system that:

- challenges students to think critically, apply what they have learned and gives them the opportunity to demonstrate their skills and knowledge
- includes "early warning" features that allow problems to be diagnosed promptly to let students, teachers and parents/guardians know that extra effort is necessary
- provides reliable and valid information on student and school performance to educators, parents/guardians and employers
- provides timely and useful data for instructional improvement and improved student learning, including feedback useful in determining whether the curriculum is aligned with the district's academic standards

In accordance with applicable law, the district's assessment system shall accommodate students with disabilities and English language learners.

The district's assessment results, in combination with state assessment results, will be used as the measurement of student achievement. It is believed these results will provide reliable and valid information about student progress on the district's academic standards.

## **Additional Assessment Information for Parents/Guardians**

In accordance with state law and this policy's accompanying regulation, the district shall distribute an assessment calendar and related information to parents/guardians on an annual basis to inform them about the state and district assessments that the district plans to administer during the school year.

## **Classroom Assessment System**

Classroom assessment practices shall be aligned with the district's academic standards and assessment program. Assessment is an integral part of the teaching and learning process that should occur continuously in the classroom. The primary purpose of classroom assessment shall be to enable teachers to make instructional decisions for students on a continual basis.

Students are encouraged to engage in informal self-assessments as they study and attempt to solve problems, monitor their own progress and improve their learning.

## **Grading System**

The administration and professional staff shall devise a grading system for evaluating and recording student progress and to measure student performance in conjunction with the district's academic standards. The records and reports of individual students shall be kept in a form which will be meaningful to parents/guardians as well as teachers. The grading system shall be uniform district wide at comparable grade levels. Peer grading of student assignments and classroom assessments is permissible. The intent of this practice is to teach material again in a new context and to show students how to assist and respect fellow students.

The Board shall approve the grading, reporting and assessment systems as developed by the professional staff, upon recommendation of the superintendent.

The Board recognizes that any grading and/or assessment system, however effective, is subjective in nature but urges all professional staff members to conduct student evaluations as objectively as possible.

## **STUDENTS WITH DISABILITIES**

Yuma Middle School staff is committed to providing students with disabilities an equal opportunity to an appropriate education. We are dedicated to operating within the guidelines of IDEA (*Individuals with Disabilities Education Act*) and Section 504. **1-877-542-SAFE**

The Safe2Tell Program empowers students, teachers and others to anonymously report important information about violent or troubling events before or after they have happened. The Safe2Tell Hotline gives students in all Colorado schools an increased ability to both prevent violence and report violence by making safe anonymous calls.

Students and other community Members can call **1-877-542-SAFE** to report threats, fights, and instances of bullying, substances abuse, or other activities that create unsafe situations. Calls are answered 24 hours per day, 365 days per year at a Colorado State patrol communication center and forwarded to local school officials and law enforcement agencies as needed. State law and the procedures established by Safe2Tell for receiving and forwarding tips guarantee the anonymity of every caller.
